- 15 Sanseveria Laurentii Potted Stock
- 16 Chinese Evergreen Potted Stock

PHILODENDRON PERTUSUM

Crop run plants, 4 and more character leaves with aerial roots.

The Pharr Nurseries has been established for 30 years in the Rio Grande Valley in Pharr, Texas. Its original starting period had various handicaps to overcome such as providing proper heating facilities for lathe houses, soil composition, etc. However, after this period of trial, and at times error, it has grown to one of the country's largest tropical foliage plant nurseries.

Between our Pharr and Hidalgo nurseries we have 22 acres devoted exclusively to green plants. Of this area a large portion is planted in Pothos or Devil's Ivy.

PHILODENDRON PERTUSUM

Select tip cuttings, 4 and more character leaves with aerial roots.
